# POWERING INSPIRATION

Columbus Arts Festival brings art to life.

[aep.com/community](http://aep.com/community)

# DEAR ARTS FESTIVAL PATRONS,

Welcome! Every year the Columbus Arts Festival is a little different. New partnerships, fresh ideas, city projects and feedback from our guests and artists all play a role as we spend the year planning the Festival, but one thing remains the same: the passion of our team to bring you the best arts experience in the Midwest.

This year we come into the Festival with new leadership as Alexis Perrone and Kenneth Eaddy bring their talents and energy to the event. The completion of the Scioto Peninsula has shifted some features of the Festival resulting in a partnership with The Junto, the VERY new hotel located west of COSI, which is hosting the 2023 Patron Party. Due to the reconstruction of the Bicentennial Park fountain, the main performance stage has moved to Genoa Park and we are looking forward to the stunning backdrop of the Columbus skyline as we enjoy music, theater, dance and FASHION! We are excited to finally bring fashion into the mix with a special show of Columbus-based designers on Friday, before the headlining music performance by MojoFlo.

We also have a new attraction from our friends at the Franklinton Arts District in the form of Scribble (the wee sibling of Scrawl). And, while our partnership with Rhinegeist Brewery isn't new, they are developing a new draft beer just for the Arts Fest and commissioned Columbus-based artist April Sunami to do the artwork for this special brew. Look for Sketch, a hoppy pale ale that pairs best with summer and art. New this year—ALL of our alcohol sponsors are based in Ohio: Rhinegeist is in Cincinnati; our wine provider, Graham + Fisk, is in Cleveland (the grapes are from Cali), and our spirit partner is High Bank Distillery in Columbus. And, our soft drink options continue to come from G&J Pepsi, which has a production center in Columbus and headquarters in Cincinnati.

Of course, some things stay the same. Once again hundreds of professional artists will come from all over the country to sell their art. We have three stages for music, dance, theater and spoken word performances—including Saturday's headliner out of Chicago Dehd. Hands-on activities are back in Dorrian Green, we are again hosting film screenings and, as always, there will be plenty of food and drink. Flip through this guidebook for details on everything.

As we gear up for another wonderful Arts Festival, the Greater Columbus Arts Council is celebrating its 50th anniversary. While we are taking a moment to appreciate recent accomplishments such as creating a new source of public funding, which has resulted in record high grants support out in the community; we are mostly looking to the future. What do the next 50 years look like for the arts and artists of Columbus? How can we do more to support our community? One answer lies in the public art space.

It is kismet that the latest piece of public art, *Current*, by international artist Janet Echelman, is being dedicated on the first day of the Arts Festival, June 9. GCAC is taking the lead on developing a citywide public art plan that will help ensure a sustainable process for funding and creating public art in Columbus. We want your input on this plan, so please stop by the GCAC info booth at the Festival to fill out a quick survey.

Finally, I am grateful for the financial support from our many sponsors that keep the Festival free for the community. Our sponsors and amazing cast of volunteers make this welcome-to-summer event possible. Please go to pages 44–46 and the back cover to see the wonderful humans and businesses that create the Columbus Arts Festival—for all of us.

## GCAC MISSION

To support and advance the arts and cultural fabric of Columbus.

## GCAC VISION

A thriving Columbus where the arts matter to all of us.

The Greater Columbus Arts Council thanks the city of Columbus, Franklin County, Ohio Arts Council and The Ohio State University for their ongoing support.

THE OHIO STATE  
UNIVERSITY

GCAC funds and advocates for arts organizations and artists year-round. Every arts organization in central Ohio depends on donations from businesses and individuals. Many host free or low-cost events and they all provide us fun and vibrant experiences that help us make memories with our friends and families.

We want Columbus to be a city where artists can earn a living wage. So please support local arts throughout the year and if you enjoy a performance at the Arts Festival consider buying the artists' CDs or making a donation to the presenting organization.

**GCAC.org**

GCAC produces the Columbus Arts Festival. There is no public money in the Festival and we couldn't do it without the support of our generous corporate sponsors, individuals like you, and the commitment of hundreds of volunteers. **Thank you!**

## LAND ACKNOWLEDGEMENT

The Greater Columbus Arts Council collectively acknowledges that the land we are positioned on is the traditional, ancestral and contemporary lands of Indigenous people. We reside on land that was cared for and called home by the Kaskaskia, Shawandasse Tula, and Myaamia people and their ancestors. The land was ceded to the United States by Cession 11 (Treaty of Greenville) in 1795.

By offering this land acknowledgement, we affirm tribal sovereignty and will work to be accountable to American Indian peoples and nations.

## NEW PUBLIC ART NEAR THE FESTIVAL!

### Current by Janet Echelman

Suspended over the intersection of Gay & High Sts.

Created by world-renowned sculptor Janet Echelman, *Current* is the stunning ephemeral sky-high sculpture

that will inspire wonder and imagination for Columbus residents and visitors alike. A true marvel of engineering and artistry, *Current* stretches 229 feet across Gay Street and is comprised of 78 miles

of twine intricately woven into over 500,000 knots. *Current* was commissioned by Columbus developer Jeff Edwards and installed in early June 2023.

### Portals for Nature by Mandi Caskey, aka Miss Birdy

The west facing wall of 77 Belle St.

This 70 ft. tall and 25 ft. wide mural commissioned by The Junto and painted in May 2023 is Miss Birdy's way of reminding us that as we fill up more space, we need to create new places for nature to grow.

## Fun with WOSU Public Media

WOSU Public Media is thrilled to be back at the Columbus Arts Festival! Stop by the WOSU booth near the Columbus arts organizations on Washington during the festival to meet and interact with some of your favorite on-air personalities from 89.7 NPR News, Classical

## Zora's House Women of Color Owned (WoCO) Summer Market at the Columbus Commons

Located on the Columbus Commons just east of the Festival off High St., Zora's House Women of Color Owned (WoCO) Market will feature some of the most amazing women of color artisans in Columbus. Shop jewelry to candles to clothing and everything in between, enjoy music provided by WoC DJs, great food trucks, family friendly activities and so much more. This event is presented by JPMorgan Chase, with support from Encova Foundation of Ohio.

## Gather & Flow by Studio KCA

Southwest and northwest parking garage towers at the intersection of Starling & State Sts.

*Gather & Flow* consists of dozens of metallic starlings, seemingly flying from one tower to the next, echoing the shape of the Scioto River and the pattern of a murmuration of starling birds, appropriate given this artwork is installed on Starling St. Spanning 50 feet in height, the iridescent birds are painted to represent the polychrome of a starling's feathers. This substantial piece is part of a larger component of public art on The Peninsula.

# Please Help Keep the Columbus Arts Festival Green!

Thanks to our Sustainability Sponsor IGS Energy, we are doing all we can to make the Columbus Arts Festival the greenest event of its kind in the country.

We print less for the Festival—enjoy our Guidebook online or use the Festival App! Also all of the Festival and GCAC's application processes are online, saving thousands of sheets of paper each year.

## Please help the Arts Festival lower our impact by:

- Placing trash and recycling in the appropriate containers.
- Beer cups are now recyclable as are wine cans. Please place them in the appropriate container.
- Patronize food vendors using compostable serving ware, marked by the recycling symbol.

We thank you for helping make us greener each year. Enjoy the Festival!

## Transportation & Parking

### COTA

COTA will be running all weekend with stops along High and Front Street throughout downtown. Pick your route at <https://ride.cota.com> and come on down!

### RIDE SHARE DROP OFF

We recommend providing either the COSI address, 333 W. Broad St. 43215, or The Junto, 77 E. Belle St., 43215 for drop off/pick up. Both of these locations provide multiple points of access to the Festival (see map on pages 28-29).

### PARKING

Parking around Columbus' Scioto Mile is PLENTIFUL! There are numerous parking structures, metered spaces on surrounding city streets and surface lots on both the east and west side of the River.

**STREET PARKING:** The city of Columbus uses mobile and kiosk parking. When you park you can pay at the nearest kiosk or with your mobile device by either downloading the **ParkColumbus app**, texting "park" to 77223 or scanning a QR code, found on signage throughout downtown, to pay online.

The **ParkColumbus/Park Mobile app** provides two easy ways to park: If you would like to reserve a space in a garage during the Festival, click the reserve button at the bottom of your app and then select the Arts Festival as an event to see what garages are available and their cost. If you choose street parking the app will show you available zones and can send you text notifications when your meter is running out. **Please note that temporary no parking signs must be obeyed even if the app shows the zone as available.**

**GARAGE PARKING:** There are additional garages downtown that may not show on the ParkColumbus app. Please note that parking garage rates change from day to day and often go up significantly during large events.

The closest garages on the east side of the river are the Columbus Commons, RiverSouth at Front and Rich, and the LeVeque Tower Garage at Broad and Front. On the west side you can park in the River & Rich garage off McDowell Street, the Gravity Garage on McDowell south of Broad Street and the Starling Garage at Starling and State streets.

**BIKE PARKING:** Columbus Bike Valet, courtesy of Franklinton Cycle Works, will be providing bike corral services at the Columbus Arts Festival. The bike corral is located at the corner of Rich Street and Civic Center Drive near the Scioto Mile trails. The bike racks will be set up so bikers can self-park. While an attendant will be onsite at various times throughout the weekend, bikers are encouraged to secure their bikes and park at their own risk.

### **PARKING FOR PEOPLE WITH DISABILITIES:**

Unfortunately there is no map of accessible spaces or way to reserve an ADA space in a garage. If feasible, you may want to consider using the ride share drop off location for people with mobility concerns. Additionally, ADA spaces on the street are still marked and parking garages also provide ADA spaces on a first come, first served basis.

**PARKING TIP:** If you are able to walk a few blocks, street, surface lot and garage parking is generally less expensive farther out from the Festival. Use the ParkColumbus app to find options.

The Columbus Arts Festival operates rain or shine. However, if the weather becomes severe and we need you to take shelter due to lightning or the threat of tornadoes, we will make

announcements on the public address system (located all along the riverfront) and through the Festival app. There are two locations where you can take shelter:

**EAST SIDE:** Priscilla R. Tyson Cultural Arts Center, 139 W. Main St.

**WEST SIDE:** COSI, enter through the doors on either the east or west side of the building.

The Columbus Arts Festival is a great place for people but not for pets. Heat and crowded conditions make the Arts Festival a stressful and potentially unhealthy place for dogs and other animal companions. We love pets too and that's why we ask that you leave yours at home.

Join us, let's go green for good.

**Focused

# EMERGING FESTIVAL ARTISTS

SPONSORED BY

Paul-Henri and Erika  
**Bourguignon**  
Fund for Visual Art  
at The Columbus Foundation

Now in its 13th year, the Emerging Festival Artist program is designed to support and promote central Ohio artists who have little or no experience exhibiting and selling their artwork at major festivals. Artists who apply in this category must be residents of Franklin or surrounding counties, including Delaware, Fairfield, Fayette, Licking, Madison, Pickaway and Union.

Of the 44 applications received this year, 18 artists were selected through a blind jury process by panelists working in a variety of creative disciplines. As part of the program, each participating Emerging Festival Artist receives assistance from Festival staff and committee members on how to best set up their booth and present their work to the public.

Support your central Ohio artists and buy some of their work today. To find Emerging Festival Artists' booth locations on site, check out the artists listing on page 37.

We encourage central Ohio artists who are new to exhibiting at outdoor shows to apply to the 2024 Columbus Arts Festival. Applications will be available at [columbusartsfestival.org](http://columbusartsfestival.org) starting in mid-September.

# ARTISTS ELEVATED

AN ENDOWMENT CAMPAIGN TO UPLIFT  
INDIVIDUAL ARTISTS THROUGH INVESTMENT

Envision an artist...  
Envision an artist's work...

How does it make you feel?  
How does it help you connect to  
others and the world around you?

GCAC envisions a thriving Columbus  
where the arts matter to all of us.  
The first step to realizing that vision is  
to invest in the individual artists who  
uplift our community. It begins with  
you. Invest in Artists Elevated Today!
