Welcome to the 2024 Columbus Arts Festival!
Once again, the GCAC team is ready to head down to the riverfront and kick off summer with all the joy the arts can bring.

This year we are particularly excited about some additions to the Festival that will help ensure it is truly welcoming to all. We are bringing in Momentum Refresh, a group that provides a clean, air-conditioned universal changing space. We understand that for some adults with complex medical needs, a large bathroom stall isn’t enough to ensure privacy, dignity and safe hygiene conditions, so we are adding this service while continuing to have accessible restrooms and a family care station. Thanks to the Autism Society of Central Ohio, we have also added a sensory tent to the Festival site so that those who need a pause from sensory overload have a space to reset. All of these resources are clearly marked on the Festival map on pages 32–33.

Many of the changes we make at the Festival each year come through the feedback we get from our artists and guests, and one thing guests said they wanted was more food vendors. We worked hard to get a record number of applicants this year and are delighted to say that we will have more than 40 food vendors on site spread out over four locations. The full list of food vendors are on pages 30–31.

Our beverage booths are bringing back last years’ favorites: Rhinegeist and their spectacular beer garden and adult slushies designed by the wonderful folks at High Bank Distillery. We are also adding something new, nonalcoholic beers by Go Brewing.

2024 finds us back in the Priscilla R. Tyson Cultural Arts Center for the Patron Party and back on the Bicentennial Park stage. This means we will have four stages of entertainment this year: Genoa Park Main Stage, Big Local Arts Stage, Word is Art & Acoustic Lounge and the Bicentennial Park Stage. These four stages will showcase central Ohio talent all weekend long, including Columbus-based gems DrippDaDon, Josh Krajcik and Angela Perley. We are also bringing back, by popular demand, the Fashion as Art fashion show. Debuting in 2023, Fashion as Art was a crowd favorite so we are thrilled to once again present work from extremely talented Columbus-based fashion designers. See the stage schedules on pages 24–27.

And, as always, the Festival is welcoming extraordinary fine artists from around the country to show and sell their art. More than 225 exhibiting artists will be on site in 2024. In addition, this year a record 22 artists are participating in the Emerging Festival Artists program (which you can learn more about on page 28). See the full list of participating artists on pages 36–45.

Finally, a word of thanks to the many people who make this Festival possible—from our incredible volunteers to the sponsors. Without these supporters there would be no Festival. Please go to pages 46–48 and 62 to see the wonderful humans and businesses that create the Columbus Arts Festival—for all of us.

The Festival is all about the art, but the Festival Coordinating Committee, composed of more than 90 volunteers, is all about the Festival. It’s a year-round commitment to plan and run the show. The invaluable input of our volunteers ensures a festival that’s fresh and fun. More than 300 volunteers are needed to join us on-site to staff information booths, support the stages and help us take care of artists, patrons and more.

When your child needs a hospital, everything matters.
COTA
COTA will be running all weekend with stops along High and Front Street throughout downtown. Pick your route at ride.cota.com and come on down!

RIDE SHARE DROP OFF
We recommend providing either the COSI address, 333 W. Broad St. 43215, or The Junto, 77 E. Belle St., 43215 for drop off/pick up. Both of these locations provide multiple points of access to the Festival (see map on pages 32–33).

PARKING
Parking around Columbus’ Scioto Mile is PLENTIFUL! There are numerous parking structures, metered spaces on surrounding city streets and surface lots on both the east and west side of the River.

STREET PARKING: The city of Columbus uses mobile and kiosk parking. When you park you can pay at the nearest kiosk or with your mobile device by either downloading the ParkColumbus app, texting “park” to 77223 or scanning a QR code, found on signage throughout downtown, to pay online.

The ParkColumbus/ParkMobile app provides two easy ways to park: if you would like to reserve a space in a garage during the Festival, click the reserve button at the bottom of your app and then select the Arts Festival as an event to see what garages are available and their cost. If you choose street parking the app will show you available zones and can send you text notifications when your meter is running out.

Please note that temporary no parking signs must be obeyed even if the app shows the zone as available.

GARAGE PARKING: There are additional garages downtown that may not show on the ParkColumbus app. Please note that parking garage rates change from day to day and often go up significantly during large events.

The closest garages on the east side of the river are the Columbus Commons, RiverSouth at Front and Rich, and the LeVeque Tower Garage at Broad and Front. On the west side you can park in the River & Rich garage off McDowell Street, the Gravity Garage on McDowell south of Broad Street and the Starling Garage at Starling and State streets.

BIKE PARKING: Columbus Bike Valet, courtesy of Franklinton Cycle Works, will be providing bike corral services at the Columbus Arts Festival, at the corner of Rich Street and Civic Center Drive near the Scioto Mile trails. Bikers can self-park. While an attendant will be onsite at various times throughout the weekend, bikers are encouraged to secure their bikes and park at their own risk. There are also multiple CoGo Bike Share stations on both sides of the river.

PARKING FOR PEOPLE WITH DISABILITIES: Unfortunately, there is no map of accessible spaces or way to reserve an ADA space in a garage. If feasible, you may want to consider using the ride share drop off location for people with mobility concerns. Additionally, ADA spaces on the street are still marked and parking garages also provide ADA spaces on a first-come, first-served basis.

PARKING TIP: If you are able to walk a few blocks, street, surface lots and garage parking is generally less expensive farther out from the Festival. Use the ParkColumbus app to find options.

Please help the Arts Festival lower our impact by:

• Placing trash and recycling in the appropriate containers.

• Recycle your beverage cans, plastic cups and plastic bottles in various recycling containers placed throughout the festival. Please place them in the appropriate container.

• Food vendors are encouraged to use compostable and recyclable containers and cutlery.

We thank you for helping make us greener each year. Enjoy the Festival!

Please Help Keep the Columbus Arts Festival Green!

Thanks to our Sustainability Sponsor, IGS Energy, we are doing all we can to make the Columbus Arts Festival a greener festival. We print less for the Festival—enjoy our Guidebook online or use the Festival App!

Also all of the Festival and GCAC’s application processes are online, saving thousands of sheets of paper each year.

Bring your water bottle to refill at the WET water station at Main Street and South Civic Center Drive.

NEW!
The Columbus Arts Festival operates rain or shine. However, if the weather becomes severe and we need you to take shelter or clear the festival site, we will make announcements on the public address system, stages, social media and through the Festival app. If you cannot clear the festival site before the severe weather arrives, there are two locations where you can take shelter:

**EAST SIDE:** Priscilla R. Tyson Cultural Arts Center, 139 W. Main St.

**WEST SIDE:** COSI, enter through the doors on either the east or west side of the building.

The Columbus Arts Festival is a great place for people but not for pets. Heat and crowded conditions make the Arts Festival a stressful and potentially unhealthy place for dogs and other animal companions. We love pets too and that’s why we ask that you leave yours at home.

**WE KINDLY ASK YOU NOT TO BRING**
- Pets
- DORA cups/beverages**
- Amplification devices and personal speakers
- Firearms
- Fireworks
- Skateboards
- Rollerskates/rollerblades
- Scooters

Please respect artists’ policies regarding photography.

**State law prohibits bringing DORA designated beverages into an F2 temporary alcoholic beverage permit area, which is what the Arts Festival operates under to sell beverages. In addition, the Arts Festival is NOT distributing DORA stickers on beverages sold at the Arts Festival, so beverages purchased at the Festival must be consumed within Festival boundaries.**

Now in its 14th year, the Emerging Festival Artist program is designed to support and promote central Ohio artists who have little or no experience exhibiting and selling their artwork at major festivals. Artists who apply in this category must be residents of Franklin or surrounding counties, including Delaware, Fairfield, Fayette, Licking, Madison, Pickaway and Union.

Of the 76 applications received this year, 22 artists were selected through a blind jury process by panelists working in a variety of creative disciplines. As part of the program, each participating Emerging Festival Artist receives assistance from Festival staff and committee members on how to best set up their booth and present their work to the public.

Support your central Ohio artists and buy some of their work today. To find Emerging Festival Artists’ booth locations on site, check out the artists listing on page 39.

We encourage central Ohio artists who are new to exhibiting at outdoor shows to apply to the 2025 Columbus Arts Festival. Applications will be available at columbusartsfestival.org starting in September.

Great food is one of the highlights of the Columbus Arts Festival. In addition to fine art and entertainment, there are plenty of delicious offerings to please the entire family. From classic festival food to gourmet treats, there is something guaranteed to satisfy every appetite! All beverage stations throughout the site serve wine, beer, soda and water and look for smoothies and fresh squeezed lemonade nearby. Please refer to the map for the three frozen cocktail locations and the beverage stations that take cash.

Find Lemon Shake-Ups at the five intersections within the artist loop and Strawberry Fields Smoothies on each side of the Rich Street bridge.
